

enhance the important things in life

ambiente gifts, decor & design

Relax and get away from the stress of life at Ambiente, a new found shopping haven. Just read the words on the walls to know what is important to Ambiente creator, Jutta Rapp. The words joy, family, relax, laughter, friends, happiness and celebrate adorn the walls, and a bounty of products are on display to enhance these important elements of a happy life.

Jutta and her family moved to Tsawwassen from Germany seven years ago and rapidly saw a need in Tsawwassen for a relaxing shopping experience with a healthy topping of service. In Europe it is customary to bring a small hostess gift when you are invited to a party so when Jutta opened her shop, she became known for stocking great \$10 gifts that were happily wrapped at no charge. Free gift wrapping is only one of the perks you'll receive when you shop at her new store, now open in South Surrey.

Jutta buys for you twice a year at the World fair in Frankfurt. A fair like no other in the world, bringing you products you won't find elsewhere. She also buys from many Canadian companies as well as from companies around the world to keep prices affordable. On first instinct, when you walk into this well appointed store, you may think it is very high end but the truth is quality and price have found a happy marriage within this shop.

The Tsawwassen store is well known for its wow factor at Christmas. The store is closed for three days and transformed into a Christmas wonderland and the outcome has its visitors in awe. Jutta's second store in South Surrey is sure to "wow" its residents as well.

Visit Ambiente soon and enhance the important things in your life.
1179-56th St., Tsawwassen 604-948-9315 and 104-2828 152nd St., South Surrey 604-541-9315.
